I'LL SHOW YOU, ANAL-BEADS-MAN
Bring it on
TEACH YOU TO MAKE FUN OF OL' CARNY
THIS HAIR STYLE TAKES AN HOUR EVERY DAY
I'LL POUND 'M, I'LL MURDER THE BUM, I'LL...
EH?
TOO FAST-!
AAAH..

So he was playing with Analbeads-man..
Namely, he can see the memories of those he devours.
Carnivore-Man has a habit of indulging a certain special ability.
Nice hair, new kid..
Not!
MM.. MORE..
As he's grisly Meal comes on Plates,
His victim's body flashes before his eyes.
Freak!
Even as he thinks (this) Forbidden Beast,
DON'T CRY LITTLE CARNY.. I'M HERE NOW..
He immerses himself in the pain's
Of his own personal crea-
Just die,
monster!
Shave it off already!

I HOPE ANAL-BEADS-MAN WILL BE GOOD, TOO
CRY
Not that he cared. For he saw them only as prey
An outcast, even among monsters..
NO
MM.. THAT WAS FUN
WAS IT GOOD FOR YOU?
Feeding on is own kind..
AH HA HA HAH!
I CAN TASTE HIM ALR-EADY..
I'D BETTER WORK UP AN APPE-TITE!

Sure thing. Your friend not here today?
Oh, you bonehead! That's the wrong food!
Not feeling well, is he?
Cheeps won't eat fucking oats!
You need the husked barley, dam-mit!
Are you even mixing in vegetables? You better not forget his water...
Oh, god dam-mit, no! Put that ball back!
That'll just freak him out!

...Man,

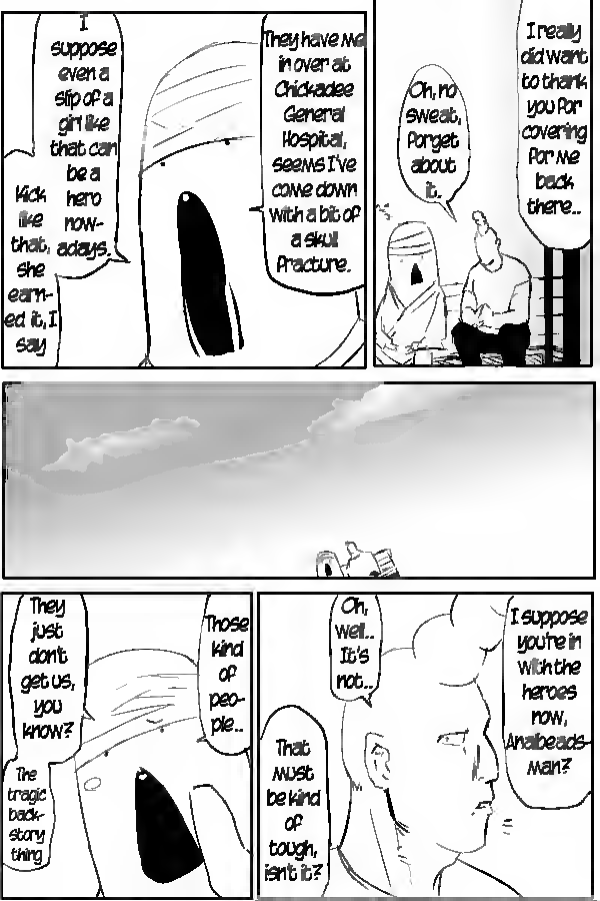
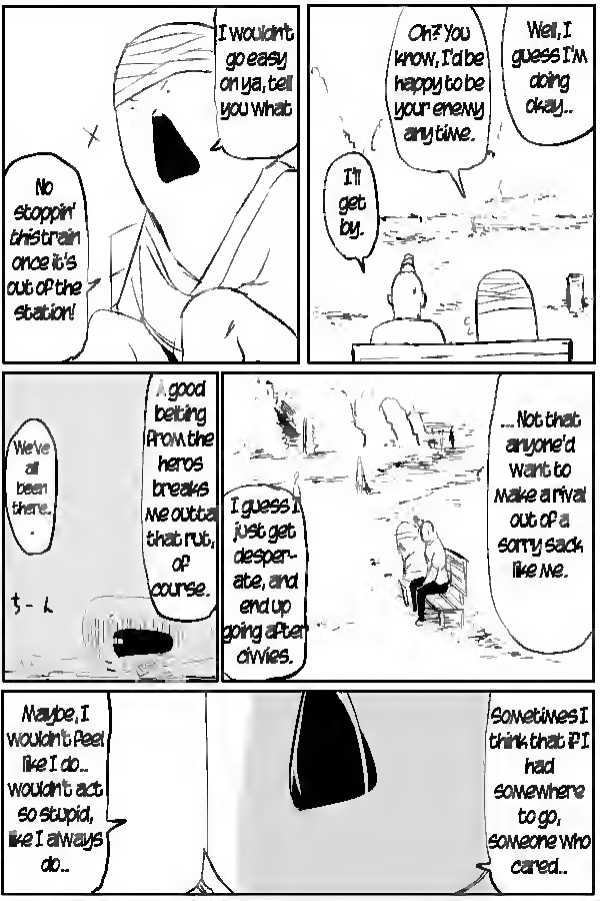
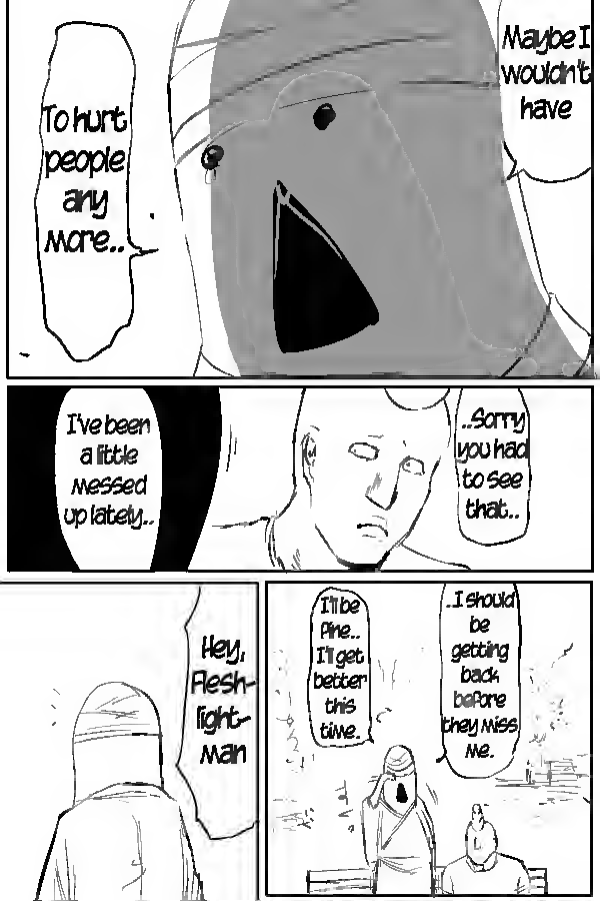
But how do I even have that conversation? Man, what do I...
…
…



I suppose even a slip of a girl like that can be a hero nowadays.
Kick like that, she earned it, I say
They have me in over at Chickadee General Hospital, seems I've come down with a bit of a skull fracture.
I really did want to thank you for covering for me back there..
Oh, no sweat, forget about it.
They just don't get us, you know?
The tragic backstory thing
Those kind of people..
That must be kind of tough, isn't it?
Oh, well.. It's not..
I suppose you're in with the heroes now, Analbeads-man?

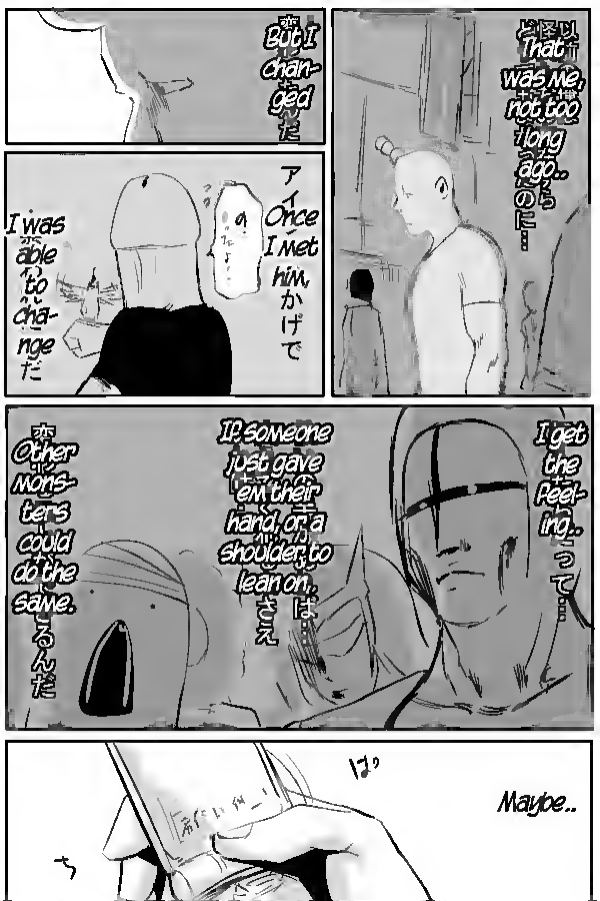


I wouldn't go easy on ya, tell you what
No stoppin' this train once it's out of the station!
Well, I guess I'm doing okay..
Oh? You know, I'd be happy to be your enemy anytime.
I'll get by.
A good belting from the heros breaks me outta that rut, of course.
We've all been there..
I guess I just get desperate, and end up going after civvies.
...Not that anyone'd want to make a rival out of a sorry sack like me.
Maybe, I wouldn't feel like I do.. wouldn't act so stupid, like I always do..
Sometimes I think that if I had somewhere to go, someone who cared..

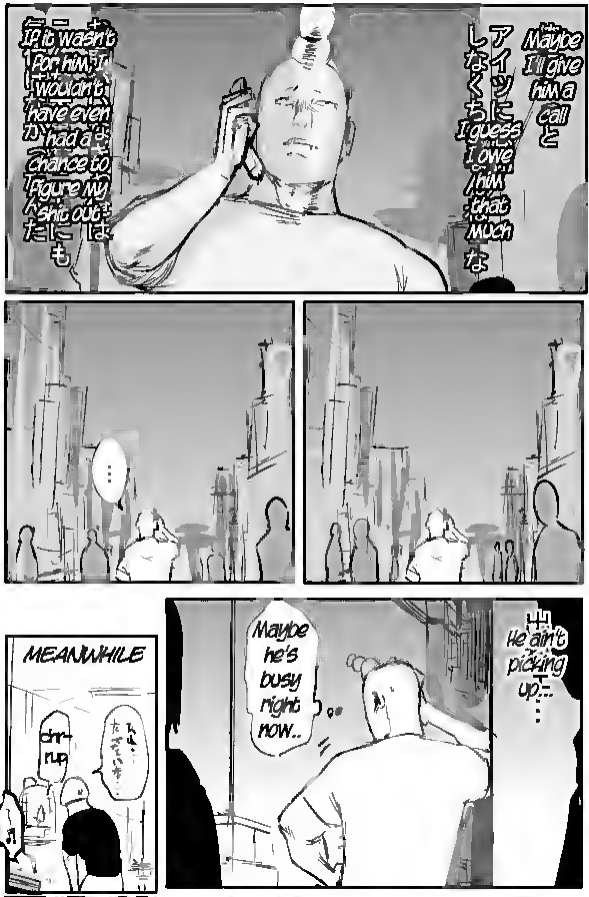


To hurt people any more..
Maybe I wouldn't have
I've been a little messed up lately..
..Sorry you had to see that..
Hey, Flesh-light-man
I'll be fine.. I'll get better this time.
I should be getting back before they miss me.

Same time tomorrow?
How about it?
I'll be here, okay?
Don't leave me hangin'
Thank you



But I changed
That was me, not too long ago...
Once I met him,
I was able to change
I get the feeling...
If someone just gave 'em their hand, or a shoulder to lean on...
Other monsters could do the same.
Maybe..



Maybe I'll give him a call
アイツにしなくちゃ
I guess I owe him that much
な
If it wasn't for him, I wouldn't have even had a chance to figure my shit out
